

Called – To Action!
Hebrews 10

Intro

This is the 16th message in our series to date, not counting last week's short off-track excursion. That means it is semester exam time! We need to tie up our introductory class to get to our advanced class.

The emphasis of faith now becomes _____ rather than _____ obedience.
(V5-18)

With our “forever” high priest, we have the _____ that _____ can enter in to the presence of God. (V19-21)

There is a _____ and _____ nature we need to “draw near to God.” (V22-25)

The author warns those who would call themselves “_____” to live accordingly or face _____.
(V26-31)

The listeners were reminded to remember the _____ of their _____ faith. (V32-39)

Conclusion

Because of Christ's great once-for-all sacrifice and his appointment as high priest forever on our behalf, we are a people called to action. There are two responses to this call to action:

1. _____
- or 2. _____

Today, what is your response? Remember two different responses means there are two different reactions from God.
